### **Marine Life Protection Act Initiative**

# MLPA South Coast Regional Stakeholder Group Work Group Session #1

Process Overview

January 29, 2009 • Los Angeles, CA

# **Work Group Session Objectives**

- Work groups to begin developing "draft marine protected area (MPA) arrays"
  - Consider SCRSG areas of interest
  - Consider existing MPAs in the study region
  - Draw on available guidance, evaluations, and information
  - Consider links to goals and regional objectives
  - Indicate site-specific rationales
  - Focus first on suggesting "preliminary MPA options"
- Plan next steps and preparations for next work session on February 10

# **Draft Agenda**

9:00 AM	Arrival, refreshments, greetings		
9:30 AM	[Plenary] Welcome and agenda review		
9:40 AM	[Plenary] Review work group objectives and relevant guidance		
10:30 AM	[Plenary] Overview of existing south coast MPAs, including evaluations		
11:30 AM	[Plenary] Brief SCRSG presentations of areas of importance; 2 minutes per primary/alternate pair (working lunch, provided on site)		
1:00 PM	[Work Groups] Begin developing draft MPA arrays		
4:45 PM	Recap progress made and discuss preparations for next work session		
5:00 PM	Adjourn		

# **Charge to Work Groups**

- Three cross-interest SCRSG work groups to develop MPA proposals for MLPA South Coast Study Region
- Iterative process with three rounds
  - Draft MPA arrays (you are here!)
  - Draft SCRSG MPA proposals
  - Final SCRSG MPA proposals
- Informed by:
  - Guidelines (MLPA, Master plan science, State Parks and California Department of Fish and Game feasibility)
  - Best information available (draft regional profile, GIS data layers, informational presentations, stakeholder personal knowledge)
  - Feedback/evaluations from blue ribbon task force, science advisory team, and staff
  - Public input/external proposals
  - Cross-interest dialogue

### **Process Flow – Round 1**

#### Previous SCRSG meetings (meetings 1-3)

- Joint fact-finding (developing best available information)
- Review of guidance for developing MPA proposals
- Sharing of core interests

#### January 29 SCRSG work session

- · Review existing south coast MPAs
- · Consider areas of geographic importance
- · Begin identifying and discussing "preliminary MPA options"

#### February 10 SCRSG work session

- · Continue identifying and discussing "preliminary MPA options"
- · Begin developing maximum of two "draft MPA arrays"

#### March 3-4 SCRSG meeting

- Share initial draft MPA arrays ideas across work groups
- · Complete development of two "draft MPA arrays"

## **January 29 Work Group Process**

- Review areas of geographic importance discussed at January 13-14 meeting (overlap maps and spreadsheets)
- Work group members offer "preliminary MPA options" (individual MPAs)
  - Proceed bioregion by bioregion: North Mainland (Point Conception to Marina Del Rey), South Mainland (Marina Del Rey to California/Mexico border), East Channel Islands (includes Santa Catalina and San Clemente Islands)
  - Each work group member can offer three preliminary MPA options for entire study region
  - Reserve some time at end of each bioregion to discuss preliminary feedback on preliminary MPA options
- Plan for next work session

## **Staff Roles**

Role	Lapis	Opal	Topaz
Facilitation	Eric Poncelet	Becky Tuden	Scott McCreary
Planners	Dominique Monie	Evan Fox	Darci Connor
California Dept. of Fish and Game	Michelle Horeczko	Matt Erickson	Elizabeth Pope-Smith
GIS	Chad Miller	Chris Macdonald	Paulo Serpa

# **Work Session Ground Rules**

- SCRSG ground rules apply (e.g., rules for active, focused and full participation; respectful interaction; integration and creative thinking)
- All primaries and alternates have been assigned to a specific work group
- During Round 1 work sessions, preliminary MPA options developed in MarineMap will be accessible only to work group members
  - Safe space for invention
- Draft ideas developed at this early stage are not to be shared through the media
- Members of public can attend as "observers" but may not participate in work group deliberations
- No scheduled public comment period

# **Seek Mutual Gains**

- Understand the range of interests
- Look for benefits for multiple parties
- Avoid unnecessary negative impacts
- Be creative; invent options in the spirit of "inventing without committing"
- Engage in "joint problem solving"
- Strive for "an elegant solution"
